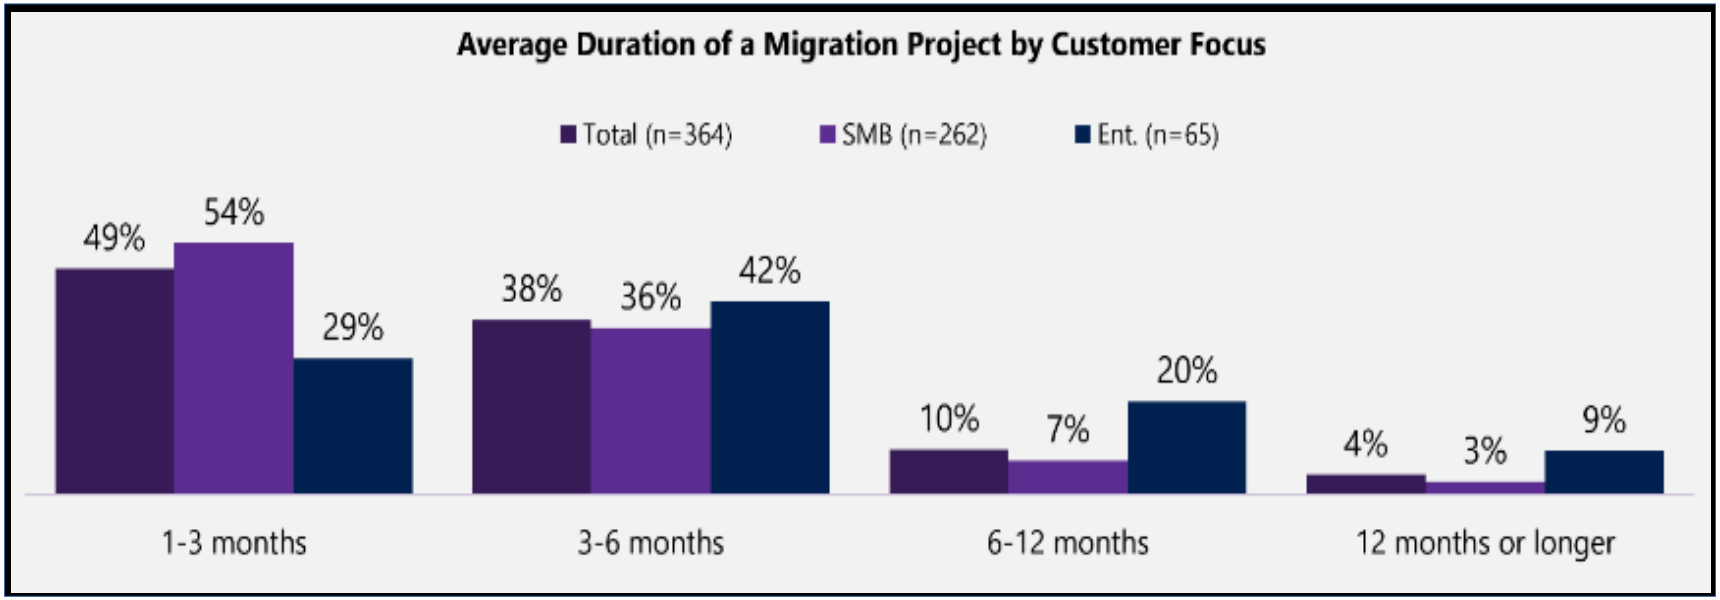
Key Process Indicators for our AI Agent

CodAGeeks
Enterprise Cloud Solutions

Shortest Duration for Transition

- Highly Reduced Cost!
- Quicker Go Live.
- Early realisation of Motives.

We Transform Monolith within **15 Days!**



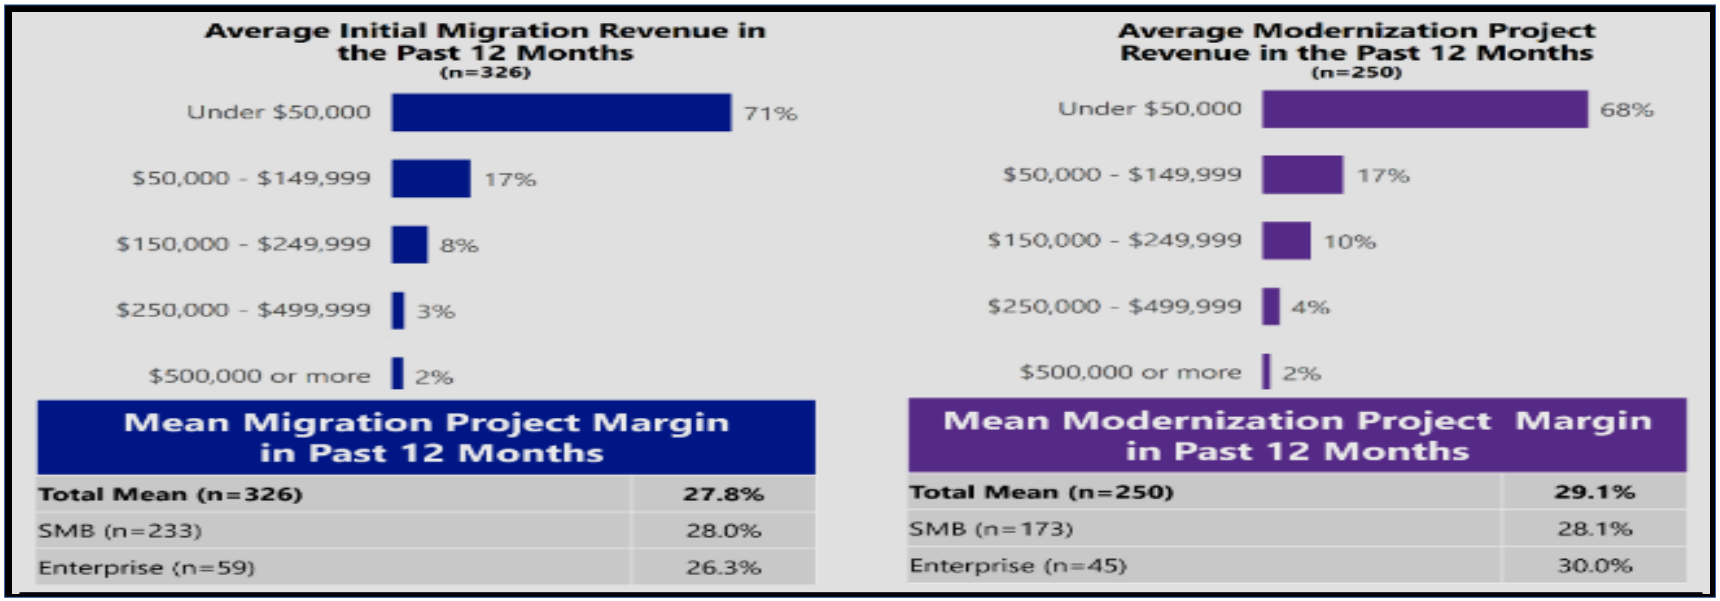
Key Process Indicators for our AI Agent

CodAGeeks
Enterprise Cloud Solutions

Avoid Expensive Rebuild Activities

- Don’t Re-Engineer Monolith
- Reuse Monolith Functions
- Reuse Test Cases
- No New Manual Coding

We (re)Use **Source Code** Of Monolith



Mean Migration Project Margin in Past 12 Months	
Total Mean (n=326)	**27.8%**
SMB (n=233)	28.0%
Enterprise (n=59)	26.3%

Mean Modernization Project Margin in Past 12 Months	
Total Mean (n=250)	**29.1%**
SMB (n=173)	28.1%
Enterprise (n=45)	30.0%

Key Process Indicators for our AI Agent

CodAGeeks
Enterprise Cloud Solutions

Avoid Costly Followup Services

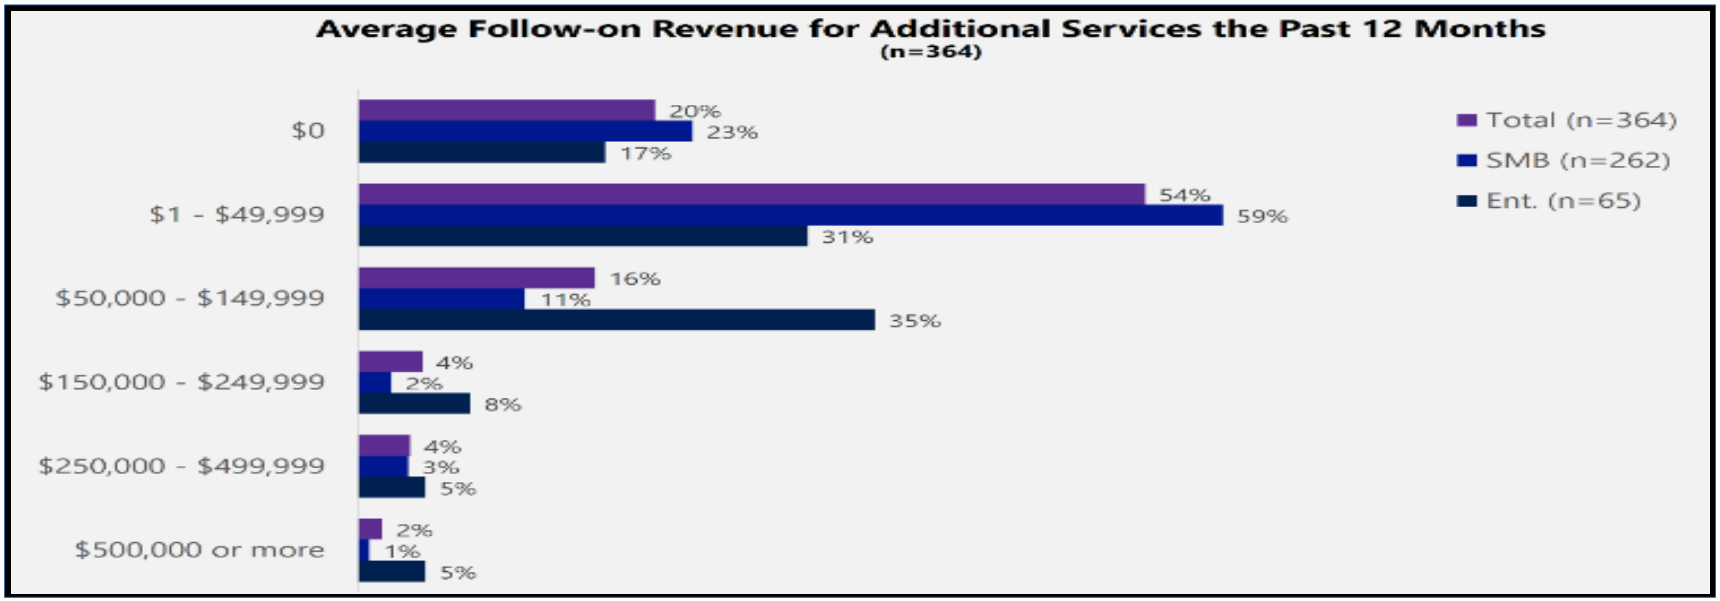
Hire Cloud Professionals.

Manage Artifacts in CI/CD.

Cloud expenses may shoot.

Multi-Vendor Service Model !

We provide **End-To-End Transformation** Solutions !



AI Agent for Automated Digital Transformation

CodAGeeks
Enterprise Cloud Solutions

Disruption in Transition Strategy

Complete Transition in **15 Days**.
Transition in **3 Easy Steps**.
100% Refund if SLA missed.

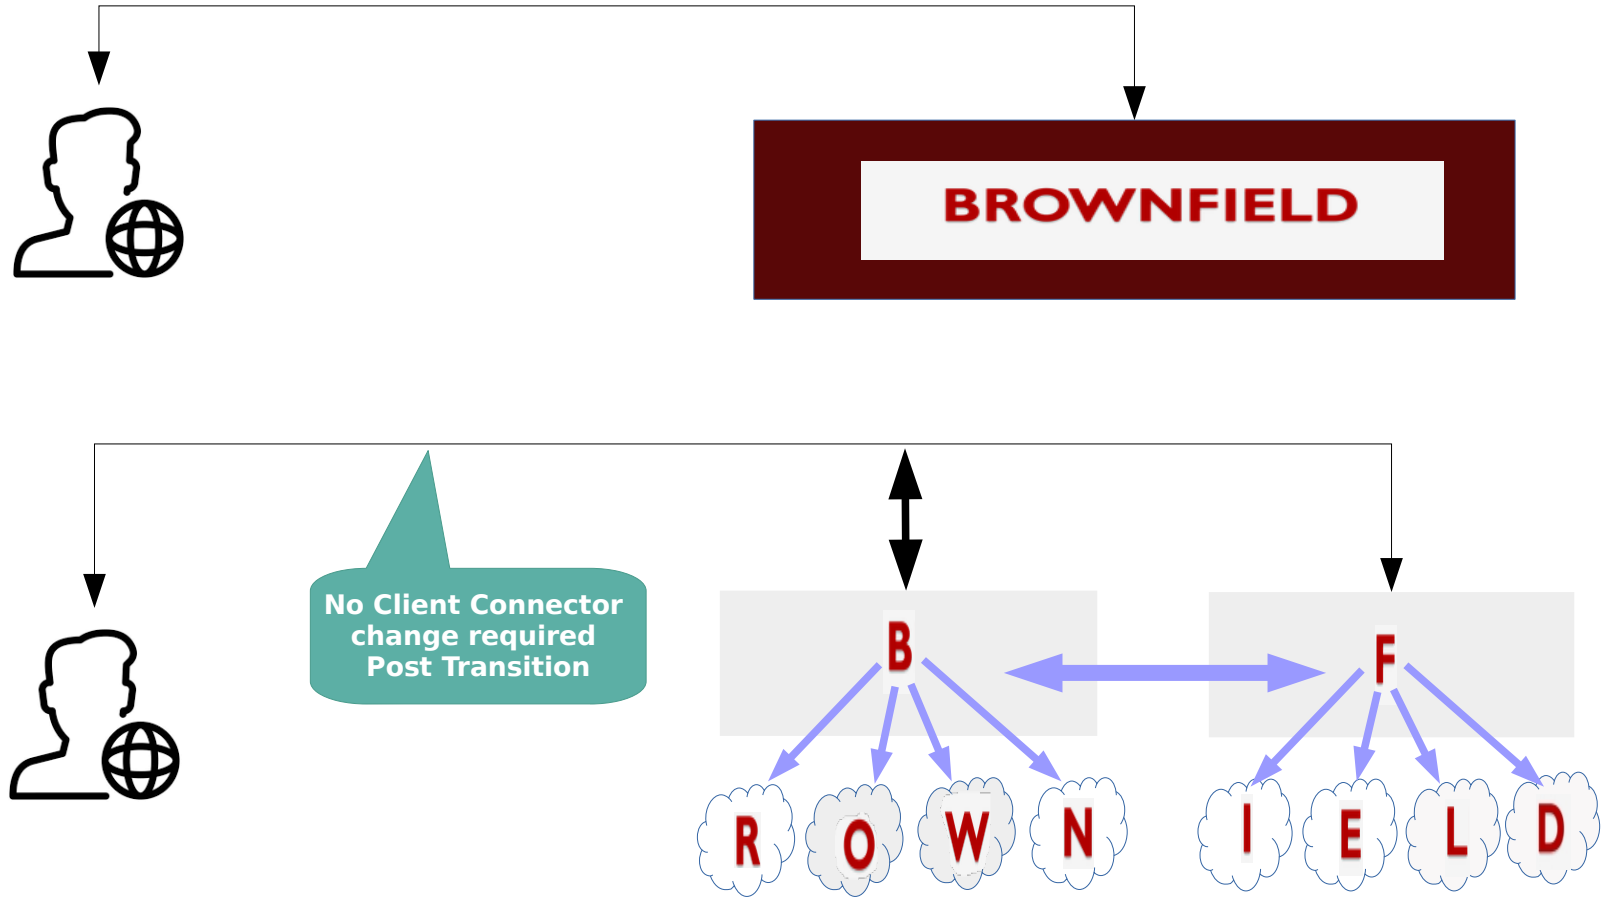
Transformation Tool – Our Intellectual Property

Max possible **Automated Code Transformation**.
Reuse Monolith Business Functions & Tests.
Include Microservice **Best Practicies** in Code.
Use Architecture Best Practicies in **Execution**.
100% Customized Transformation Solution.

How AI Agent works

CodAGeeks
Enterprise Cloud Solutions

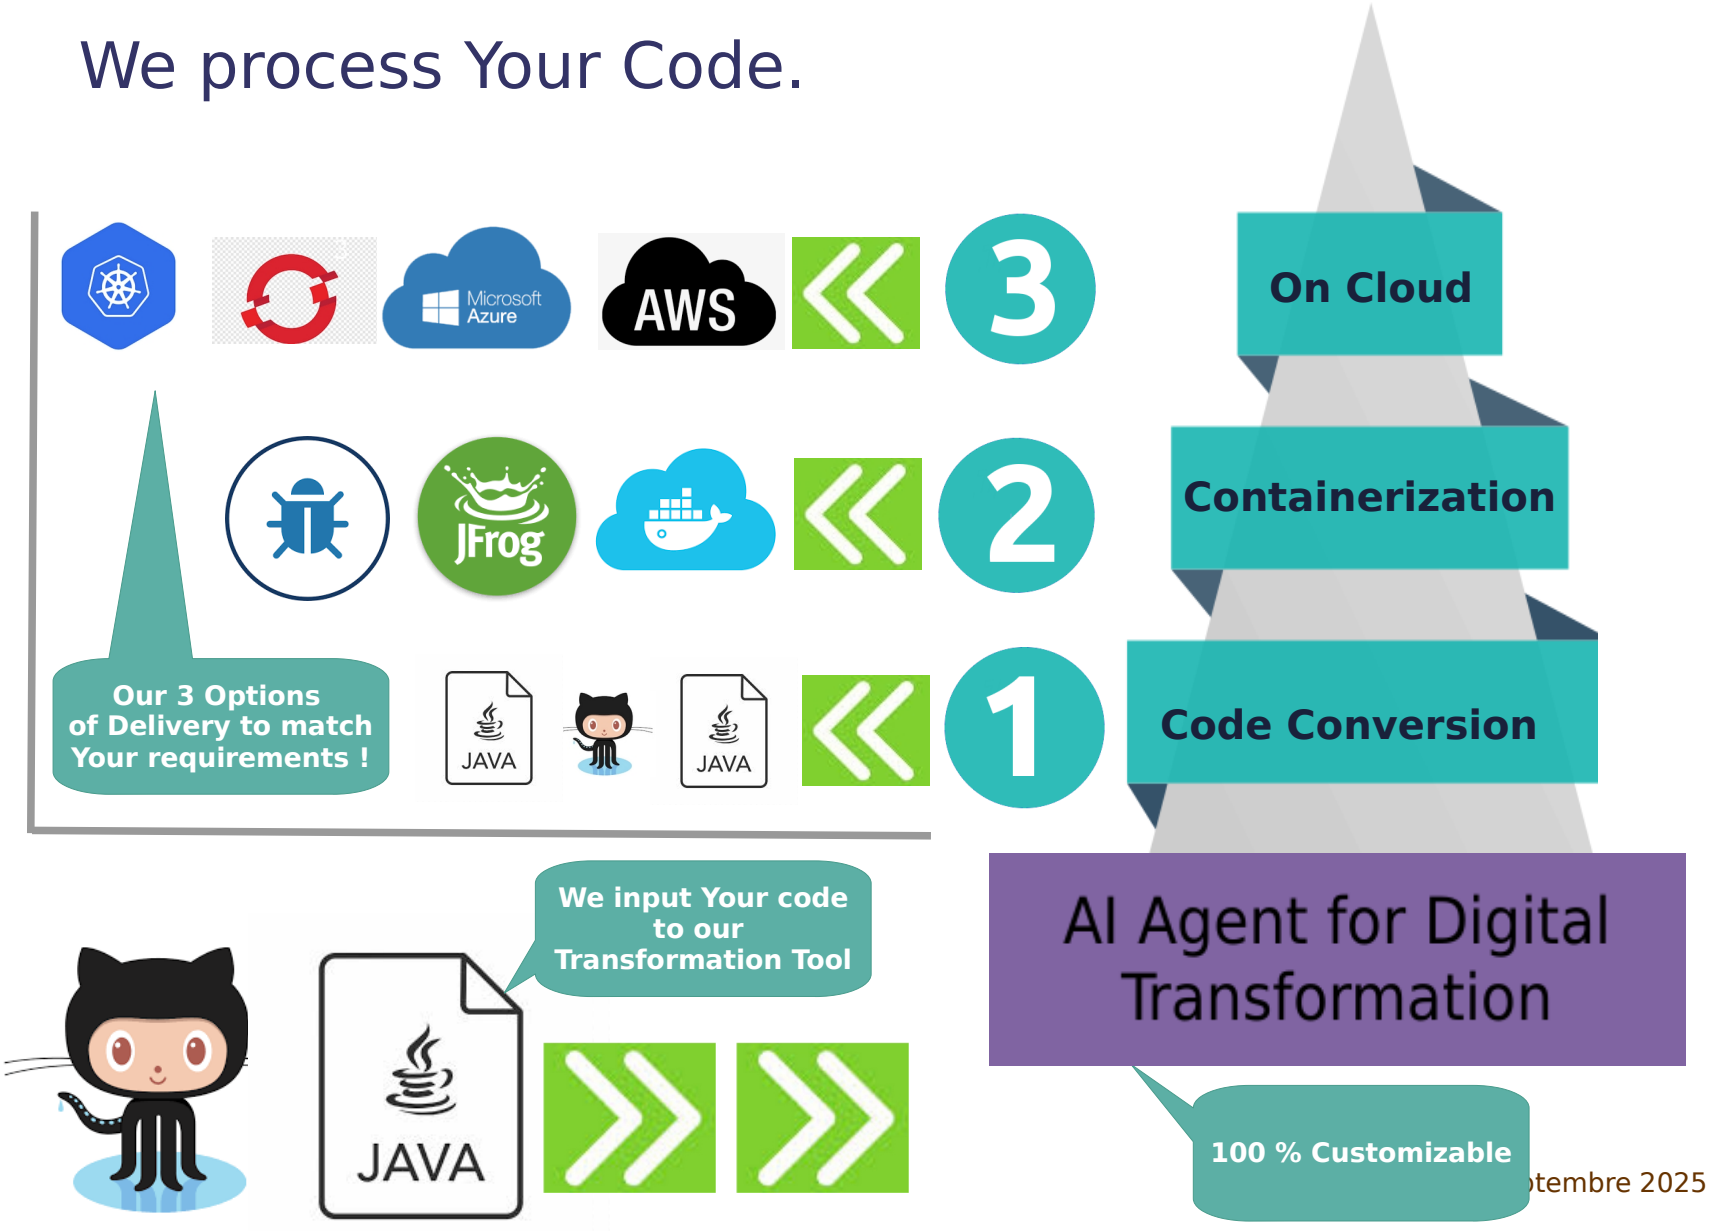
Seamless Transition for Your Client Connectors !



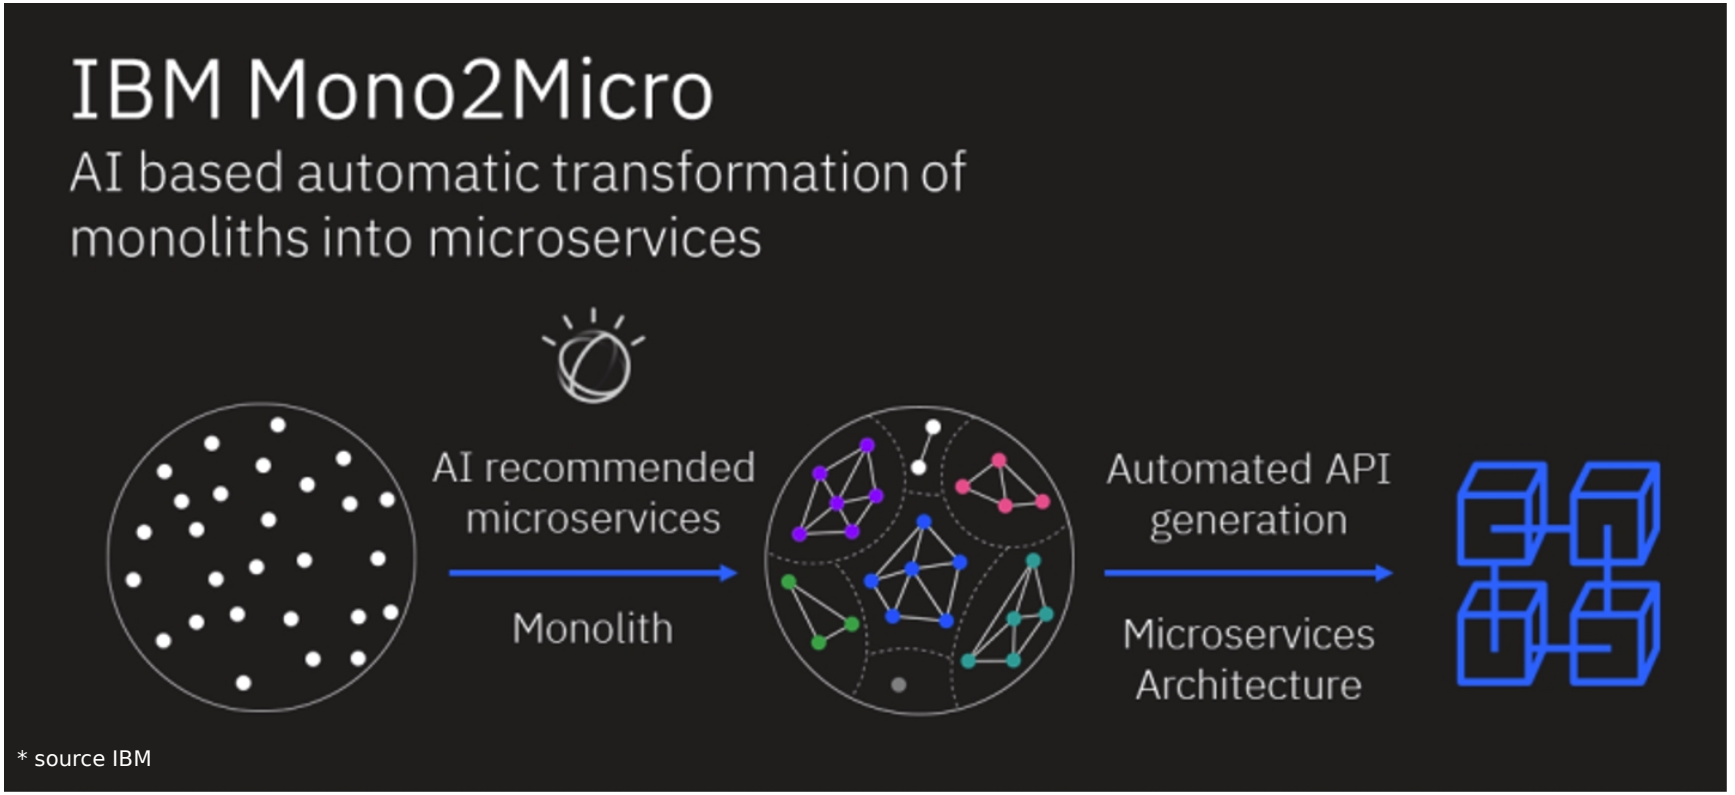
AI Agent for Digital Transformation

CodAGeeks
Enterprise Cloud Solutions

We process Your Code.



Comparing Our Benefits

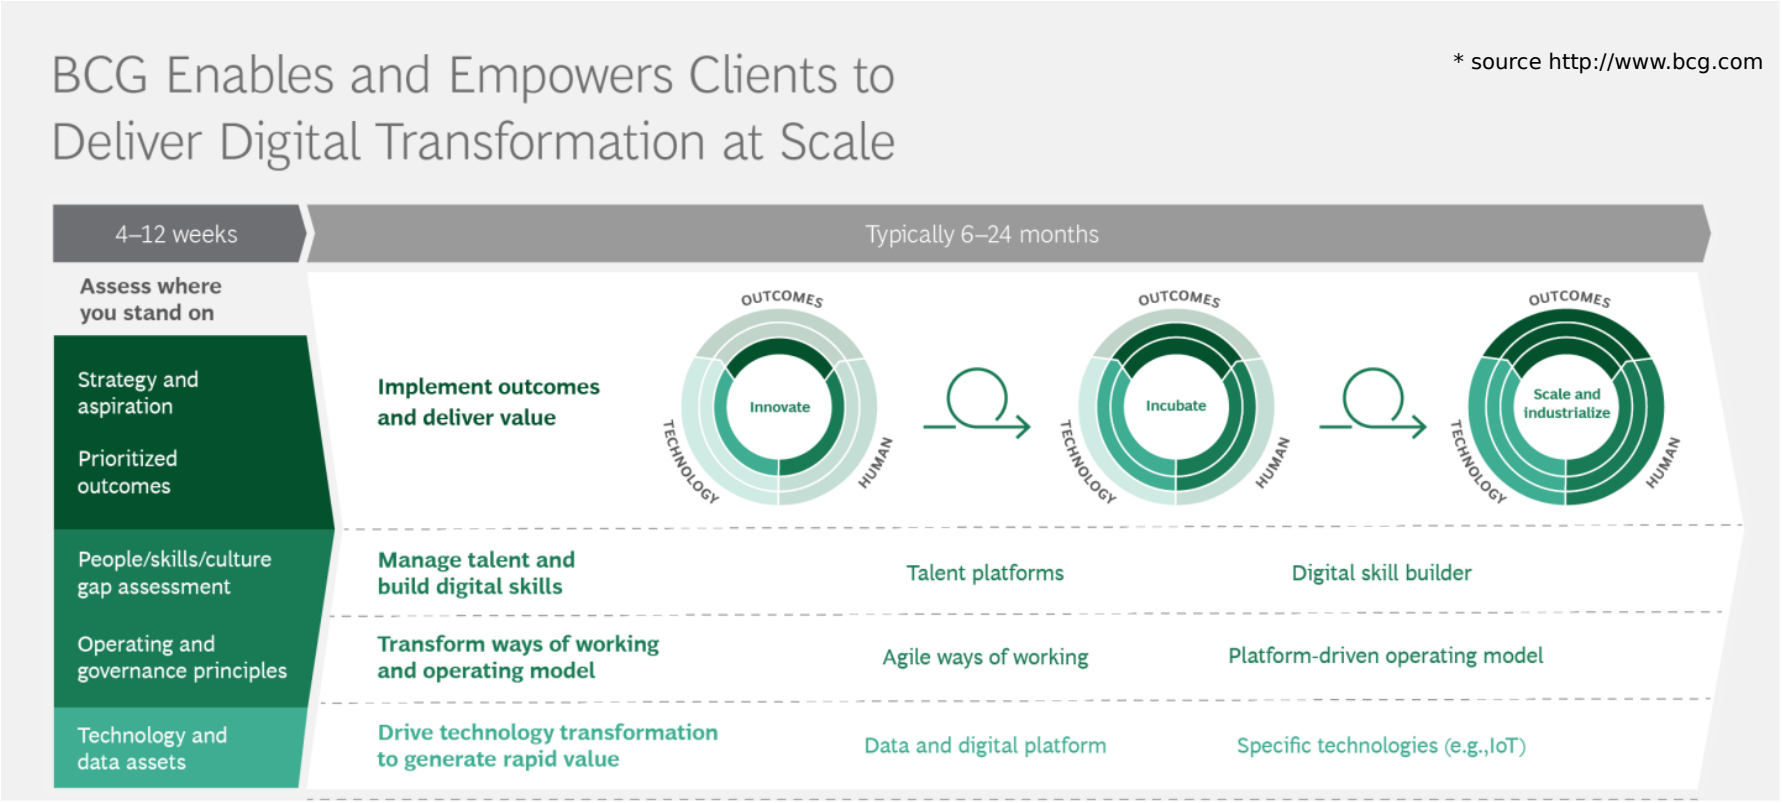


It does **not Reuse** Monolith Business Functions.
Client Connectors require **Upgrade**.
It does **not offer** Short Duration (15 Days).
It is very **expensive** than our Solution.

Comparing Our Benefits

CodAGeeks
Enterprise Cloud Solutions

* source http://www.bcg.com



It **Does not** have Artificial Intelligence.
It **Does not** provide End-To-End Solution.
It offers **6 – 24 Months** Duration Option.
It is very **Expensive** than our Solution.

Prizing – Basic Plan

CodAGeeks
Enterprise Cloud Solutions

Plan		Basic - Code Conversion
1	Contract Duration	15 Days
2	Quantity of Work	Upto 15 Java Classes from Monolith can be converted to Microservices
3	Transformation Steps Included	1) Code Conversion
4	Mode Of Delivery	Modified Code in Git repo for New Monolith & Microservices.
5	Acceptance Criteria	Code executing in your Hybrid Archiecture.
6	Support	Free for the Duration of the Contract.
7	SLA	If code is unexecutable by our Engineers on Hybrid Architecture, we will refund entire amount. * More Details covered in Contract.
8	Cost	50,000 USD (Fifty Thousand USD)

Prizing – Advanced Plan

CodAGeeks
Enterprise Cloud Solutions

Plan		Advanced - Containerization
1	Contract Duration	15 Days
2	Quantity of Work	Upto 15 Java Classes from Monolith can be converted to Microservices
3	Transformation Steps Included	1) Code Conversion 2) Containerization
4	Mode Of Delivery	Modified Code in Git repo for New Monolith & Microservices. Containerized Image for Microservices
5	Acceptance Criteria	Code executing in your Hybrid Archiecture.
6	Support	Free for the Duration of the Contract.
7	SLA	If code is unexecutable by our Engineers on Hybrid Architecture, we will refund entire amount. * More Details covered in Contract.
8	Cost	75,000 USD (Seventy Five Thousand USD)

Prizing – Managed Plan

CodAGeeks
Enterprise Cloud Solutions

Plan		Managed - Cloud Deployment
1	Contract Duration	15 Days
2	Quantity of Work	Upto 15 Java Classes from Monolith can be converted to Microservices
3	Transformation Steps Included	1) Code Conversion 2) Containerization 3) Container Orchestration
4	Mode Of Delivery	Modified Code in Git repo for New Monolith & Microservices. Containerized Image for Microservices. Container Image deployed on Orchestration Platform.
5	Acceptance Criteria	Code executing in your Hybrid Archiecture.
6	Support	Free for the Duration of the Contract.
7	SLA	If code is unexecutable by our Engineers on Hybrid Architecture, we will refund entire amount. * More Details covered in Contract.
8	Cost	1,25,000 USD (One Lakh, Twenty Five Thousand USD)
